### DETAILED ACTION

This is in reference to communication received 17 July 2001 and 21 February 2006.

In the communication received 21 February 2006, applicant file amendment to claims, drawings and specification. Applicant has cancelled all previously pending claims 1 – 46 and added new claims 47 – 121.

The amendment filed 21 February 2006 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is the addition of new drawings with the disclosure associated with the new drawings.

Since all the newly added claims are not supported by the specification originally filed 28 November 2000, and, all previously pending claims being cancelled in the amendment, there are no claims examined in this office action.
